Kurling Canada is here!

Originating in England, *Kurling* is exploding throughout the UK and Europe and is now available in Canada!

No ice required as *Kurling* can be played on any hard surface. Ideal for schools, senior centres, leisure centres, or anywhere that has a hard surface.

Everyone Can Play!

Kurling is ideal for persons with disabilities and allows them to compete on a level playing field with able-bodied athletes.

"Pushers" and ramps are available to assist in delivering the *Kurling* stone.

Every Age Can Play!

Kurling is an excellent activity for senior centres, promoting flexibility, increased range of motion and circulation.

Visit www.kurling.ca for more details on our Kurling Canada package!
